賛成意見の解答例

I agree that electronic books are better than paper books. I have two reasons for my opinion. First, electronic books can save space. School bags are very heavy. Recently, schools use online materials and have tablets for students. Because of this, students don't have to carry books to school.

Second, electronic books are cheaper than paper books. Paper textbooks are very expensive. Students have many classes and need many different textbooks. Electronic books can save students and their families money. For these reasons, I agree that electronic books are better than paper books.

反対意見の解答例

I disagree that electronic books are better than paper books. I have two reasons for my opinion. First, electronic books are bad for our health. The blue light from computer and tablet screens can affect our sleep and make our eyes tired and unhealthy. Students also have to be careful about batteries with electronic books.

Second, many students are more comfortable using paper books. Not all schools have the Internet available in every class. Some students can't afford new technology and can't use electronic books.

For these reasons, I disagree that electronic books are better than paper books.
